Justice of the Peace Ann Zimmerman is prohibiting live coverage but allowing comprehensive camera access to @NVGovernment vs Chille DeCastro. @LVJusticeCourt, Department 8. At issue is whether @YouTube'r @DeleteLawz is guilty of 2 misdemeanor offenses stemming from his conduct at an "audit" he was conducting of @LVMPD.

Immunity is based on public policy. The Supreme Court converted a "good faith" immunity common law defense into an actual immunity called Qualified Immunity on the passage of the Civil Rights Act. These were unlawful orders, as in Berkemer v. McCarty, 468 U.S. 420 (1984), Miranda

What the police are trying to do here is create an "investigative/interrogative detention" by isolating and moving observation back beyond what can be heard. But they aren't Mirandizing the driver. So these were unlawful orders.

I moved to intervene based on the driver's rights

I attempted to intervene at his case [courtlistener.com/docket/6721064...](https://courtlistener.com/docket/6721064...) but the Court Clerk is obstructing filings and due process.
